

Ohio Science Standards and Model Curriculum Content Statement - Grade 1

| | Earth and Space Science (ESS) | Physical Science (PS) | Life Science (LS) |
|----------------------------------|--|--|--|
| Program | <ul style="list-style-type: none"> The sun is the principal source of energy. The physical properties of water change. | <ul style="list-style-type: none"> Properties of objects and materials can change. Objects can be moved in a variety of ways, such as straight, zigzag, circular and back and forth. | <ul style="list-style-type: none"> Living things have basic needs, which are met by obtaining materials from the physical environment. Living things survive only in environments that meet their needs. |
